[2212A]

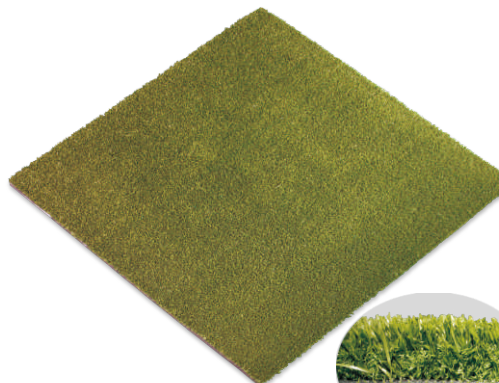

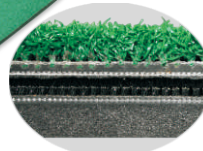

A

B

[2216A]

[2214A]

SHOCK-SAVER MAT

Constructed from high quality nylon turf and resilient foam padding. The foam padding can be standard 15mm thick, both soft enough to absorb impact and strong enough to avoid distortion.
Size: 59"X59"X1-1/5" (150xcmx3cm), (1.5cm foam)

Order information:

2211A Shock-Saver Mat Standard-Square

2211B Shock-Saver Mat Standard-Octagon

DUAL-GRASS MAT

The Dual-Grass Mat combines both straight and curled fibre. The straight fibre keeps the ball elevated for less clubhead resistance and the curled fibre provides cushioning and grip for player comfort and confidence.

The foam padding can be standard 15mm or alternative 20mm thick.
Size: 59"X59"X1-1/5" (150cmx150cmx30mm), (15mm foam)

Order information:

2212A Dual-Grass Mat Standard-Square

2212B Dual-Grass Mat Standard-Octagon

DELUXE ROUGH AREA MAT

Designed to simulate play from heavier or longer grass by using a longer fibre. This provides an increased resistance at impact for both the ball and club head and encourages the player to connect with the ball first and accelerate the club head through the impact zone.
Size: 59"X59"X1-9/10" (150cmx150cmx48mm), (15mm foam)

Order information:

2214A DELUXE ROUGH AREA MAT-square

2214B DELUXE ROUGH AREA MAT-octagon

MULTI-FLEX MAT

Featuring shock absorbing layer of three dimensional air cushion. The spring-like layer creates an incredibly soft feel and providing extra protection to golfer's wrists.
Size: 59"X59"X1-3/8" (150cmx150cmx35mm)

Order information:

2216A MULTI-FLEX MAT-square

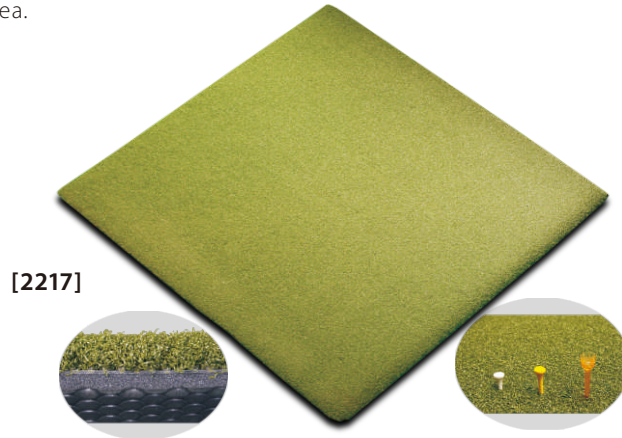

2216B MULTI-FLEX MAT-octagon

TEE-UP MAT

By constructing the Tee Up Mat with a curled thick fibre and foam padding, this unique design allows the player to use a normal wooden tee to replicate actual play and vary tee heights during a practice session. The player is encouraged to stay on the Mat for the whole practice session rather than seeking out and damaging a grassed area.

Order information:

2217 Tee-up mat Square
59"x59"x2"
(150 x 150 x 5cm)

[2217]

TEACHING MAT

This teaching/practice mat come with whitestripe and center indicator which permanently imbedded in the mat, assist golfer to have the correct swing and stance.

Constructed from high quality nylon turf and resilient foam padding.

Order information:

2200 Teaching Mat Square
59"x59"x1-3/8"
(150x150x3.5cm)

[2200]

[3305]

TIO HOLE CUTTER PATENTED

Our new TIO Hole Cutter is created to come out with two great accomplishments:
 To cut an exact hole every time with an integral hammer action.
 To make hole cutting easy with the unique effortless plug ejection system.

ADVANTAGES:

- Pound-in hole cutting ensure perfect round hole with clean edges.
- labor-saving ratchet mechanism make plug ejecting easily.
- Auto locking handle system, balanced to carry straight after cutting.
- Built-in bubble level to ensure every hole is cut level.
- Vertical cut, no twisting required.
- Single-cut hole, Less cutting time.
- Optional adjustable Depth Stop Ring, bolts into place for Uniform hole depth.
- Optional Hole Cutter Stand, protects your greens from sharp edges and keep the hole cutter upright on the green.
- Whole unit weighs 9.3Kg, easy for anyone to operate.

It also comes with easy interchangeable inside sharpened or outside sharpened blades .

- Outside sharpened blade:** for heavier soil green
- Inside sharpened blade:** for lighter soil green

Order information:

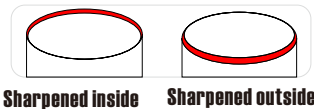

- 33801** TIO Hole Cutter with Inside Sharpened Blade
- 33802** TIO Hole Cutter with Outside Sharpened Blade

HOLE CUTTER BLADES

Made using oversize alloy steel tube, then machine the inside and outside surfaces to accurate dimension that minimize ovality in the blade.
 Scalloped or straight blade for your choice.

Order information:

- 33433** Straight blade, inside edge
- 33434** Straight blade, outside edge

[33801]

[33433]

[33434]

DEPTH STOP RING

PATENT PENDING

- Made of maintenance free stainless steel.
- The stop ring can be adjusted in steps that enable any user to consistently cut correct depth each time.
- Just add the Depth Gauge to the blade, adjusts and bolts the stop ring to correct height.

Order information:

3346 Depth Stop Ring

[3346]

HOLE CUTTER STAND

- Made of maintenance free recycled plastic.
- Keep your hole cutter upright everywhere, whether on the green, on the transport vehicle, or on your workshop floor.
- Protects not only the blade, but also the green from sharp edges.
- Light weight and with spring sockets, it can be easily loaded on the blade.
- Can be bolted in position as a docking station for transporting or storage.

Order information:

MS-HCS Hole Cutter Stand

[MS-HCS]

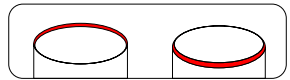

HOLE CUTTER

Made chiefly of carbon steel, powder coated. Heat treated hardened steel blades are also dip-treated for corrosion resistance.

Order information:

HOLE CUTTER SHARPENER

For clean, sharp hole edges in your green, please give your hole cutter blade a few passes everyday with this handy tool to keep scalloped or straight cutter blade sharp. Easy to use and very economical.

Order information:

3347 Hole Cutter Sharpener

[3347]

GREEN SPEEDMETER

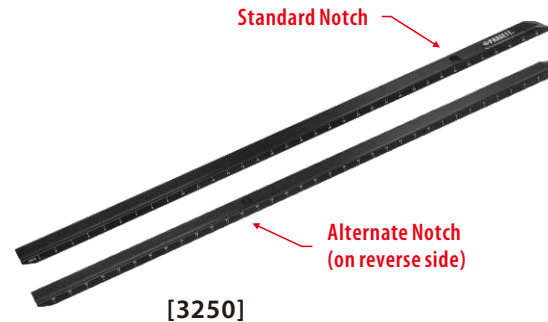

Our NEW Green Speedmeter is an extruded aluminum bar, 36 inches long, with a V-shaped groove on each side that extends along its entire length. It has two precisely milled ball-release notches, one on each side of the bar.

The first is the standard ball-release notch positioned approximately 30 inches from the tapered end that rests on the ground. This is the full-length run and should be used whenever possible.

On the reverse side is an alternate notch, located nearly 14 inches from the tapered end. The latter is the half length run and should only be used as an acceptable substitute when no full-length run is available.

Each end of the Green Speedmeter is tapered to reduce bounce as a rolling ball makes contact with the green.

Order information:
3250 Green Speedmeter

ALUMINIUM CUP SETTER

Heavy duty cast aluminium design, powder coated green. Used to seats cup to correct depth and flattens down cup hole edges.

Order information:
3334 Aluminum cup setter

CUP PULLERS

Three-hook cup puller: Made of stainless steel, pulls cup out of hole straight, easy pull with no damage to the turf.
 Two-hook cup puller: Made of stainless steel. Pulls cup out from ferrule hole.

Order information:
33371 Three-hook cup puller
33372 Two-hook cup puller

TARGET RING

Made of plastic. Bright white color to highlight area above cup.
 Sold in sets of 18

Order information:
3336 Target Ring

CURVED TRIMMING SCISSORS

Stainless steel, cup hole trimming scissors. The curved design makes trimming around a cup hole easy and accurate.

Order information:
3350 Curved Trimming Scissors

PLSTIC CUP COVER

Used for low play period or when top dressing. It's made of recycled plastic, fit any regulation cup and will not damage mowers.
 Size: 4 1/4" Dia.X1"H(10.6cmDia X 2.5cmH)

Order information:
3339 Rubber Cup Cover

PUTTING CUP REDUCER

Made of Bright white plastic, a set of two parts to decrease the size of the hole in two different levels.

Order information:
3340 Putting Cup Reducer

STEEL FIXTURE

This device is used to accurately paint the area above the green cups.

[3279]

SAFETY NET

- 6.5×6.5”(2m×2m) heavy-duty polyethylene net with yellow border.
- Two aluminium poles with stakes keep the net upright.
- Collapsible frame design, so it is easy to pack everything in one package.
- Two stakes included to Keep the net upright.

Order information:
3279 Safety Net

[3258]

DEW-WHIPPER

Two piece design, aluminium handle and fiberglass extension rod.
 Handle length” 7-7/8” (240cm)
 Extended length: 15-3/5”(475cm)
 Extended length: 15-3/5”(475cm)

Order information:
3258 Dew-Whipper

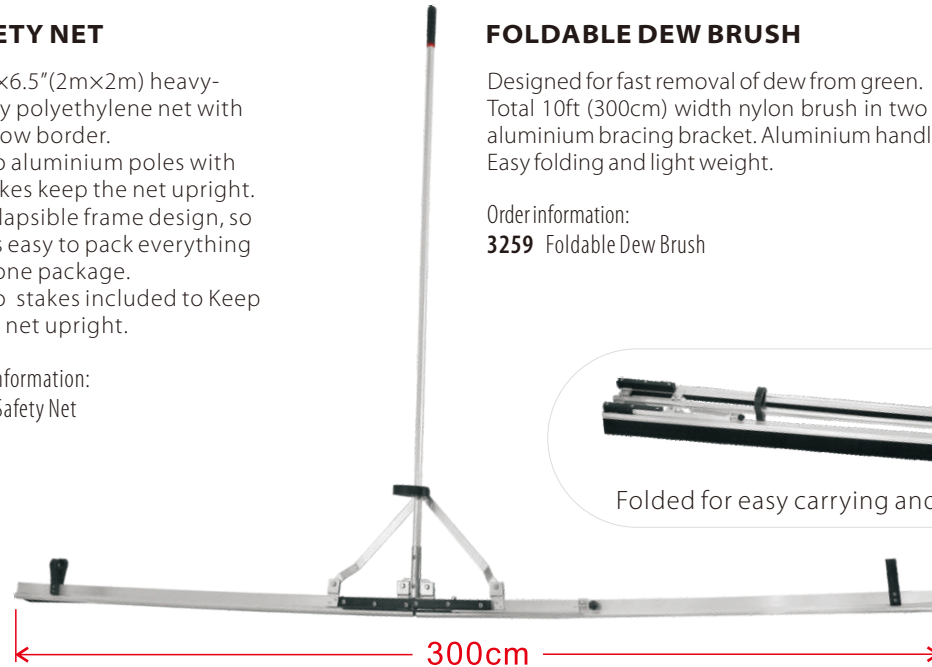

FOLDABLE DEW BRUSH

Designed for fast removal of dew from green.
 Total 10ft (300cm) width nylon brush in two halves fixed in strong aluminium bracing bracket. Aluminium handle in 72” (183cm) long. Easy folding and light weight.

Order information:
3259 Foldable Dew Brush

Folded for easy carrying and storage.

[3259]

MEASURING WHEEL

This handy device allows the accurate measurement of distance across all types of surfaces. Counter reads up to 10,000meters.It is made of precision steel with a folded handle grip and a plastic measuring wheel.

Order information:
3245 Measuring Wheel

[3245]

DRAG BRUSHES

Gently and evenly spreads dressing material over the green and also helps control thatch when used before mowing. Brush extensions provide a larger sweep area and are hinged to float over uneven areas. They come with weight racks to reduce vibrations and help follow undulations.

Order information:

- 3246** Drag Brush, 108"X26" (274cmX66cm)
- 32461** Drag Brush without the extension, 54-1/2"X26" (138cmX66cm)
- 32462** Two Extension section, 27"X26" (68.5cmX66cm) each

DRAG MATS

Used to spread dressing material over the green and for the shaping of fairways. The metal net can be fully electro galvanized or stainless steel material to resist rust. Custom sizes also available.

Order information:

- 32551** Galvanized steel Drag Mat 36"X60" (91.5cmX152.5cm)
- 32553** Galvanized steel Drag Mat 60"X84" (152.4cmX213.4cm)
- 32554** Stainless steel Drag Mat 36"X60" (91.5cmX152.5cm)
- 32556** Stainless steel Drag Mat 60"X84" (152.4cmX213.4cm)

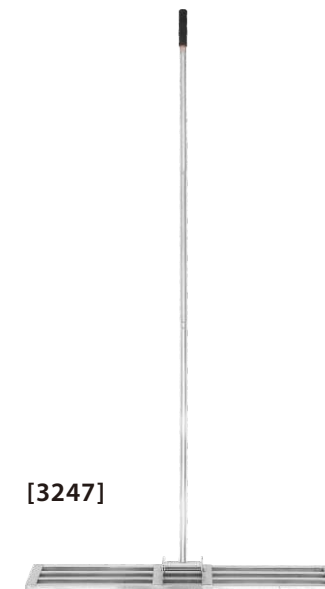

LEVELAWNS

The levelawn effortlessly distributes application materials, removes stones from soil, breaks up small clods of sand or loam and smooths soil for planting. Stainless steel head available in two size : 30"(76cm) Wide, and 48"(122cm) wide. Three-section stainless steel handle with rubber grip.

Order information:

- 32471** 30" Head Levelawn
- 32472** 48" Head Levelawn

HAND OPERATED BRUSH

Easily be used to mow the places which dragon brush hard to reach. Durable brush head with aluminium handle or fiberglass handle. Size: 27"Wx54"L(69cmWX137cmL)

Order information:

- 3254** Hand Operated Brush aluminium handle

TURF PLUGGER

Ideal for replacing worn, damaged areas with healthy turf. Tube handle can hold up the plugs thus eliminating the need for clean up. Simply replace damaged plug with healthy plug from the top of the tube. 31-1/2" (80cm) tall Stainless Steel tube. Replaceable cutter blade made from case hardened steel. Plug measures: 2-1/6"(6cm)Dia X2-3/5"(7cm)deep.

Order information:
3256 Turf Plugger

[3256]

[3252]

TURF REPAIRER

This turf repairer can be used to cut hexagonal plugs of turf for easy removal and replacement.

Order information:
3252 Turf Repairer

SEVENTINES HAND OPERATED AERATOR

This aerator can be easily used to aerate small areas where compaction may have occurred or for aiding water percolation. Seven hollow or solid tines at 5cm spacing. A core collection is included. Tine size: 3/8"Dia.X3"(1cmDia.X8cm)

Order information:
32511H Seven Hollow Tines Hand Operated Aerator
32511S Seven Solid Tines Hand Operated Aerator

[32511]

[32512]

THREE TINES HAND OPERATED AERATOR

If the ground is too hard for seven tines to penetrate, there is provision for three to be used at 10cm spacing. Tine size: 2/5"Dia.X4-3/5"(1cmDia.X12cm)

Order information:
32512 Three Tines Hand Operated Aerator

SOIL SAMPLER

This unique designed soil sampler allows you to sample root growth beneath the surface. It is made from stainless steel pipe with a rubber grip. 7/8"(2cm)Dia.X19-5/8"(50cm)Length

Order information:
3249 Soil Sampler

[3249]

[3257]

SOIL PROFILE SAMPLER

Slicing a sample 6"long by 3" wide and 3/5" thick, this tools jaws are hinged at the top for easy opening and inspection. Sample can be easily redeposited by keeping one side open and replacing in hole.

Order information:
3257 Soil profile sampler

[32912]

ROLLER SQUEEGEE

Idea for removing water from greens and turf. Efficient, non-absorbent squeegee features a heavy-duty stainlesssteel frame. 36"(91cm)head with 56"(143cm) aluminium handle.

Order information:
32912 Roller Squeegee

[32172]

PLUG RAKE

31-1/2"(80cm) long aluminium head and 72"(183cm) handle. Light weight but durable and highly effective. Ideal for screening sand or top dressing or for collecting and removing coring plugs.

Order information:
32172 Plug rake

[32872]

LANDSCAPE RAKE

Long rounded teeth and striking edge excellent for construction and grading. 36" (91cm) Landscape Rake with 66" (1.7m) aluminium handle.

Order information:
